

EmpowHR

EMPLOYERS

Employee benefits, simplified.

Benefits administration can be a paper-intensive pain point for businesses that drains internal resources and leaves employees confused about their insurance coverage and payroll deductions.

EmpowHR transforms this process, making it easier and more transparent for both employees and employers by using market-leading technology to simplify everything.

Work smarter with HIPAA-compliant technology

EmpowHR delivers streamlined and secure employee benefit enrollment and administration technology and services to help companies:

- **Improve** the employee experience with a swift, user-friendly benefits enrollment and update process
- **Optimize** resources, boost data integrity, increase operational efficiency and realize incremental savings with an automated process
- **Increase** process visibility with dashboard views of “in process,” “completed” and “not started” enrollments
- **Modernize** outdated processes with quick implementation in weeks, versus months

For Employers

Rapidly deploy a tailored platform

Employers can start setting up initial employee access and menus within days. It's an ideal solution for businesses of all sizes –from small and mid-sized firms to enterprise organizations—across all industries.

- Automated Electronic Data Interchange (EDI) electronically updates insurance carriers systems with enrollment information
- Interface with client payroll, HRIS systems to auto-submit payroll deductions, post enrollment
- Easily brand with employer's logo
- Real-time dashboard reporting
- Multiple services options based on business-specific needs
- Flexible, configurable system options to support any insurance program

For Employees

Make quick, confident decisions

EmpowHR provides a centralized, easy-to-use interface where employees can enroll in benefits, view current benefits or submit changes due to a life event. Along the way, a benefits “shopping cart” clearly illustrates the impact their selections will have on their paycheck.

- Accessible 24/7
- Mobile-friendly
- Simple, point-and-click options

Rely on a trusted, experienced provider

EmpowHR has been the preferred benefits enrollment technology for many employers for more than 15 years. Our leadership team brings more than 75 years of industry experience with Benefits Administration, HR software, Human Capital Management and Human Resource Information Systems. This in-depth expertise informs our purpose-built, people-friendly EmpowHR technology and provides employers with specialized, high-touch services before, during and after each enrollment event. This includes setting up a menu of benefits, administering the enrollment period, transmitting enrollment data to insurance carriers and more.

At EmpowHR, we're committed to simplifying employee benefits enrollment and administration for everyone. See how easy it can be by scheduling an online demo TODAY—call 404.764.7388.
