BROKERS, EMPLOYERS, & ADVISORS**

EmpowHRing You To Focus On Your Clients

Managing the technology required for benefits enrollment and administration processes is not your business. It ours.

At EmpowHR, our team's sole mission is to elevate your group's enrollment experience by helping to manage the "back office" work for you.

Our team handles your unique needs around case building, implementation, carrier connections, training, and ongoing support – so you don't have to.

Our Work is Serving You & Your Clients

For nearly 20 years we have differentiated ourselves by going above and beyond the call of duty. We stand behind our work and service. We strive to be your teammate.

We do this by providing a personalized touch and delivering one of the most user-friendly benefit enrollment and administration systems in the market:

- **Our centralized system of record alleviates your liability** by reducing the chances of errors, hacks, and human errors
- **Save you time and money** by providing a stable, easy to use platform. Offering you a customized, easy to use enrollment experience eliminating the need for paper enrollments
- **Customized** groups, enrollment pages, and other features necessary for a painless enrollment process
- **Funding the technology and service that you offer** to your clients also. We can accommodate Per Employee Per Month "PEPM" or commission share arrangements

EmpowHR focuses on what will help you the most: a reliable platform with a team that backs it with intelligent support.
